

Somar Kesen

Experienced web developer with **4 years** of experience, including **3+ years** as a Backend Engineer (**Laravel**). I excel in backend technologies, prioritize code quality with Git, and possess strong communication and collaboration skills. I embrace learning and adapting to new tech, thrive in international projects, and champion SOLID principles. Committed to innovation, I actively engage with TeensinAI, Syrian Computer Society, and Hour of Code. Proficient in JavaScript, HTML, CSS, and Bootstrap, with ongoing improvement in Node.js. I advocate MVC architecture and pursue continuous learning.
